

## THE INTERNATIONAL COLLEGE OF DENTISTS FELLOW ASSISTANCE PROGRAM

The International College of Dentists Fellow Assistance Program (FAP) embodies the spirit of Fellowship while serving as a beacon of hope for active Fellows or approved inductees facing financial hardships. The FAP is a reaffirmation of our humanitarian values and the priority we place on the well-being and continued engagement of our global College community.

### HOW IT WORKS

FAP Supporter Fellows' **contributions** directly assist their colleagues in need. FAP Beneficiary Fellows can **apply for aid** if they are struggling to pay ICD membership fees.

### GLOBAL IMPACT

Donations made through this program directly offset the ICD Global Capitation or Initiation fees, helping struggling Fellows worldwide. The ICD Global Headquarters ensures transparency by coordinating with all Sections to confirm the membership and financial status of Beneficiaries.

### APPEAL FOR SUPPORT

Your donation becomes a lifeline for Fellows in need, and your generosity is facilitated by the ICD Global Visionary Fund, a U.S. tax-advantaged charitable fund.

### MAKE A DIFFERENCE

Whether you're seeking assistance or ready to make a meaningful contribution, let the spirit of Fellowship shine bright. Apply or donate today to the Fellow Assistance Program – because in unity, we find strength.
