Dear ICD Fellows,

Below is an important Antibiotic Resistance/Antimicrobial Resistance (AR/AMR) update from the United States Centers for Disease Control and Prevention (CDC). Please read it carefully as it has a wealth of new information and offers many links you can click as you wish.

What CDC is Doing: Antibiotic Resistance (AR) Solutions Initiative:

Remember, if you have any questions about AR/AMR, please feel free to contact Fellows Christine Benoit, Sam Zwetchkenbaum or myself. While COVID-19 continues to make headlines worldwide, we all need to remember how serious a threat AR/AMR continues to be.

Yours in Fellowship,

John B. Tullner, DDS, FICD
Scientific Director, Dental Safety Program
