

WELCOME TO

International College of Dentists Section XV

Dr. Kim Chuan How

President ICD Section XV

PRESIDENTS GREETINGS

Today section XV is approximately three years old and it was just yesterday when this section was created out from section XX. This section is been registered with the registry of Singapore and comprises of 13 countries. This year we have been joined by Myanmar so now our section has jumped up to 14 countries under one flag. The council is highly rich comprising of participation from all countries involving the armed forces, civil services, specialists, academicians and the general practitioners. ICD serving since 1920 has now the maximum number of registered members worldwide serving its community and ICD. Section XV is now the integral

part of ICD joining hands in the contribution of adding new outstanding professionals to the prestigious list.

Our core mission is Education & Humanitarian service. For education, we formed a team of

volunteers ICD Speakers who volunteer to speak in regional conference. For Humanitarian service, we establish a Humanitarian fund with a starting capital of USD40k & we hope to grow this fund into a Foundation within 5 years.

This year it was our Section XV 6th international congress and

induction ceremony and was a joint venture of Section XV and University of Chulalongkorn Bangkok. Like each year the congress witnessed hundreds of participants all across the globe numbering upto approximately 500 participants. There has been one hundred and fifty two new inductees representing their countries at this prestigious form and were awarded with Fellowship of International College of Dentists (FICD).

With the upcoming Centennial celebrations in 2020 in Japan, Section XV plans to uphold its flag high along with other countries during this historical
